

AWNING WINDOWS

Our versatile awning windows effortlessly blend classic style with innovative window technology. Opening up and out with a convenient crank handle, awning windows make it easy to add natural light and refreshing airflow to any room.

- Fusion-welded mainframe and sashes for increased strength and a clean, low-profile finished look.
- Heavy-duty, state-of-the-art hinge system provides easy opening and closing of the sash.
- A dual locking system on each side of the window offers added comfort.
- Combine with fixed lites to allow for convenient ventilation while creating a larger window design.
- Multiple lite configurations are available in a single mainframe.

Smooth and reliable sash operation is assured with a quality-crafted crank handle.
