A WORD ABOUT QUALITY

Gentek delivers the confidence and value only a true leader can provide. We proudly stand behind our products with the full faith of our more than 55 years of manufacturing expertise and some of the strongest warranties in the industry. Our voluntary participation in rigorous quality certifications and independent testing is further assurance you have made an excellent selection for your home.

A SUSTAINABLE CHOICE

Recyclable and sustainable, Gentek vinyl siding helps conserve natural resources often used for home construction, such as cedar and other wood. According to the Vinyl Siding Institute, throughout its long life vinyl siding has 40% less impact on global warming than fiber cement and 83% less impact than brick and mortar.¹ And because vinyl never needs to be painted, it also reduces the use of paint, stain and other maintenance-related products that can harm the earth.

A LIFETIME OF PROTECTION

Board & Batten ultra-premium vinyl siding is backed by a lifetime limited, non-prorated, transferable warranty with hail protection and lifetime fade coverage. For complete warranty information, including limitations, ask your dealer for a copy of the Gentek vinyl siding warranty.
