

SLIDER WINDOWS

Let the sunshine in! With its clean-line design and unobstructed glass area, slider windows make it easy to enjoy a beautiful outdoor view. Expertly crafted sashes are precision-built for smooth and reliable horizontal gliding action, and lift out for easy cleaning.

Built for long-lasting wear and tear, slider windows glide horizontally to open and close.

Each slider window operating lift-out sash features two sets of solid-brass tandem rollers to ensure effortless window operation.

The positive action lock (PAL) ensures easy operation. A simple movement of the locking tab allows the sash to move freely; the PAL system locks automatically when the window is closed.

4 Steel-reinforced interlock.

6 Solid brass tandem rollers.

PRECISION-ENGINEERED FOR SUPERIOR QUALITY AND ENERGY SAVINGS

- 1 Hidden exterior accessory groove on the frame and an integrated 1/2" or 3/4" J-channel for installation clip.
- 2 Full-height pull rails for easy operation.
- 3 Double-glazed 7/8" insulated glass units featuring advanced Super Spacer warm-edge design create an effective thermal barrier to restrict transfer of heat and cold; EnergyPlus glass (soft-coat Low-E and argon gas) offers enhanced energy-efficient technology.
Triple-glazed 1-1/4" thick insulated glass unit option for maximum thermal efficiency year-round.
- 4 Steel-reinforced interlock on larger windows with two locks and keepers for snug fit and durability.
- 5 IntegraWeld fusion-welded frame (4-1/2") and sash corners add extra structural strength and increase precision in the frame and sash.
- 6 Operating sash features two sets of solid brass tandem rollers to ensure smooth operation.

ADDITIONAL FEATURES

- Premium vinyl frame and sashes never need painting and will not rust, peel or corrode.
- Full range of vinyl, composite and wood jamb extensions available.
- Sash vent stops limit opening to 4".
- Colour-coordinated full screen included.
