Make it beautiful

House shown in Rockwell Blue.

Featuring a heavy-duty panel thickness and substantial design upgrades, Fair Oaks delivers style and strength beyond ordinary vinyl siding.

QUICK SPECS:

- Nominal Thickness:** .044"
- Windload:** Laboratory tested to withstand extreme-force winds
- Texture:** Hardwood

Rolled Nail Hem Fair Oaks is fortified with a rolled nail hem for extra-strong wall attachment. In laboratory tests simulating hurricane-force wind conditions, Fair Oaks withstood extreme-force winds.

Anchor-Tite Panel Locking System The Anchor-Tite locking system works double time – reinforcing the rigidity of the siding and keeping panels secured firmly together for crisp, clean wall lines and a markedly superior installation.

Durable .044" Panel Thickness Handsomely crafted with a rugged .044" panel thickness, Fair Oaks promises enduring protection and beauty for your home. The low-gloss finish and subtle hardwood texture will stand up strong to harsh weather and keep its luxurious appearance year after year with very little upkeep!

Extra-Deep 5/8" Butt Height You may not realize it, but the siding's butt height creates shadow lines that add dimension and style to a home. The deeper the butt height, the more dramatic the shadow lines appear. Fair Oaks' generously proportioned 5/8" butt height will convey the perfect measure of beauty and refinement, while also fortifying the integrity and strength of the siding.

Featuring richer, darker colours fortified with ChromaTrue® fade-defying technology, Fair Oaks vinyl siding carries a lifetime limited warranty against fading. See printed warranty for complete details.

EXPLORE MORE COLOUR COMBINATIONS! Gentek offers one of the largest selections of colours available for aluminum trim, soffit and fascia, including many shades of a single hue, to let you perfectly refine your custom design. Beautiful, playful, traditional, original – your home is

uniquely you.

A WORD ABOUT QUALITY

Gentek delivers the confidence and value only a true leader can provide. We proudly stand behind our products with the full faith of our more than 55 years of manufacturing expertise and some of the strongest warranties in the industry. Our voluntary participation in rigorous quality certifications and independent testing is further assurance you have made an excellent selection for your home.

A SUSTAINABLE CHOICE

Recyclable and sustainable, Gentek vinyl siding helps conserve natural resources often used for home construction, such as cedar and other wood. According to the Vinyl Siding Institute, throughout its life cycle vinyl siding has 79% less impact on global warming than fiber cement and 85% less impact than brick and mortar.¹ And because vinyl never needs to be painted, it also reduces the use of paint, stain and other maintenance-related products that can harm the earth.

A LIFETIME OF PROTECTION

Fair Oaks premium vinyl siding is backed by a lifetime limited, non-prorated, transferable warranty with hail protection and lifetime fade coverage. For complete warranty information, including limitations, ask your dealer for a copy of the Gentek vinyl siding warranty.
