## A COLLABORATION OF STYLE AND STRENGTH

Equal parts aesthetic beauty and rugged strength, Fairhaven Sound Single Select Shakes & Scallops promise a superior finish for your home.

**Integrated Panel Locking System** Integrated panel locking system secures panels firmly together for increased strength and structural integrity, as well as a more uniform finished look.

**Convenient Installation Guides** Self-aligning nail slots and a temperature chart on the side tab help ensure that each panel is properly positioned for potential expansion and contraction in all weather.

**Self-Concealing Side Tabs** The self-concealing side tabs feature the same cedargrain detail as the panel to hide seams where panels are joined – creating a beautiful, handcrafted effect and a virtually seamless appearance.

**Extended Panel Length** Up to 40% longer than typical shake and scallop profiles, Fairhaven Sound Single Select's extended length achieves long, uninterrupted lines for a smoother finish.

**Variety of Mould Patterns** An expanded variety of shake moulds creates a random, natural-looking appearance just like actual cedar.

**Built Weather-Tough!** Tested to withstand negative windload resistance per ASTM D7254; meets or exceeds the industry standard for windload performance.

### TRADITIONAL SHAKE

From rustic to refined, our Traditional Shake makes an impressive statement of style. The generous 7" exposure, deep woodgrain texture and authentic hand-cut appearance gently blend modern practicality with the simplicity and grace of coastal living.

### SCALLOP

Picturesque beautifully conveys the essence of our Scallops. Each row of artistically sculpted scallops creates a uniform, elegant appearance, further accentuated by a generous shadow line for added dimension. The ample 6-1/4" exposure and roughsawn texture will give your home the distinctive allure of cedar half-rounds.

### CAPE COD SHINGLE

The uniform woodgrain texture and clean-line design of our Cape Cod Shingles call to mind the casual charm of seaside homes. Handsomely crafted in a 5" double-course profile, the siding expertly pairs timeless style with a higher level of craftsmanship and quality.

### HAND-SPLIT SHAKE

A standout selection for both its historical beauty and natural appeal, our Hand-Split Shake lends visual interest to any style home. This faithful reproduction features rough-cut edges and a deeply grained, random texture in a 9" profile for the perfect balance of style and substance.
