To Whom It May Concern:

RE: Gutter seal—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Gutter seal:

Building Product Disclosure and Optimization:

Gutter seal is manufactured in Toronto, Ontario, Canada.

No single extracted material is used to produce the majority of this product.

Recycled content for Gutter seal is not available, and for the purposes of LEED reporting should be assumed to be zero.

Low Emitting Materials - VOC Content Information:

Gutter seal is a specialty sealant with a VOC content of 330g/L equaling 35% as applied/mixed. As such, VOC levels are higher than the limits set by SCAQMD rule 1168.

Note: VOC content values are as reported for the highest VOC content color for all Gutter Seal colors. Other colors may have a lower VOC content reported on their SDS.

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.
