

Where Strength, Durability, and Beauty meet  
the Smartest Stone Technology on the Market

## Innovating for a timeless, durable and authentic look

Our product has been designed from the ground-up to deliver quality, durability, and performance.

Northridge performance begins with the seamless integration of our panels and corners. Our commitment to bring you the most advanced stone siding system on the market drives us to deliver technical advantages that include material strength, extreme weather performance, color flexibility, and our innovative attachment system.

### Peace-of-mind Warranty

Rest assured you are covered with our 50 year warranty on panelized stone veneer products (See details at [NorthRidgeStone.com](http://NorthRidgeStone.com)).

## Pick a Color, Any Color

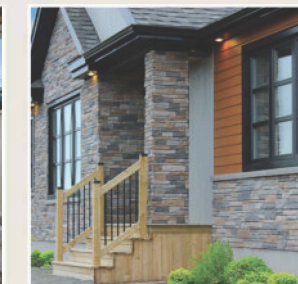

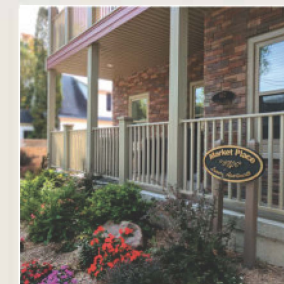

Choose from our extensive stock colors or dive into our custom color creation service. And our vibrant colors permeate  $\frac{3}{4}$  inch, ensuring lasting vibrancy. No surface powdering like the others.

But if you have a need for an even greater color choice, we hope you will consider our flex color option designs for special project requirements.

## Water Protection Advantage

Worried about water? We have your project covered. Our unique, but simple overlap system means your stone acts like you expect your siding to. It holds out water under the harshest conditions.

Black Beach

Earth Tone

Fundy Slate

Regal Canyon

Scotia Sand

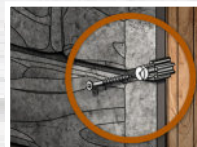

White Pearl

# Discover the Vibrant World of NorthRidge Stone

Transform your project with our ultimate solution for residential and commercial stonework.

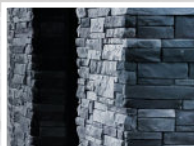

## Revolutionary Patented Attachment System

Faster, cleaner and more secure than mortar, clips or flanges.

## Cornering Systems That Wow

We've got the market cornered with corners that deliver an authentic fit and require less cuts. Elevate your project with our versatile, turn-key, corner system.

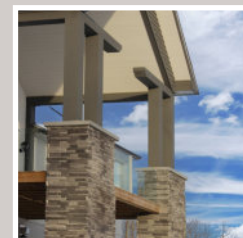

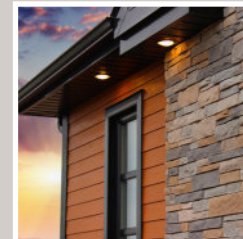

## Rock Solid - Loading Advantage

Our stone is tough. Independent labs show 300% strength advantage versus other stone products.

## Our Integrated 'Overlap' System Provides a Superior Finished Look

Designed to Integrate Seamlessly for an Authentic Look and Feel.
