22 billion sq ft

Roofing and siding **measured** and **modeled** by Hover from photos. Over 200 million sq ft from blueprints.

40 min saved

Hover customers using Material Lists reported saving an average of 40 minutes **on every takeoff**

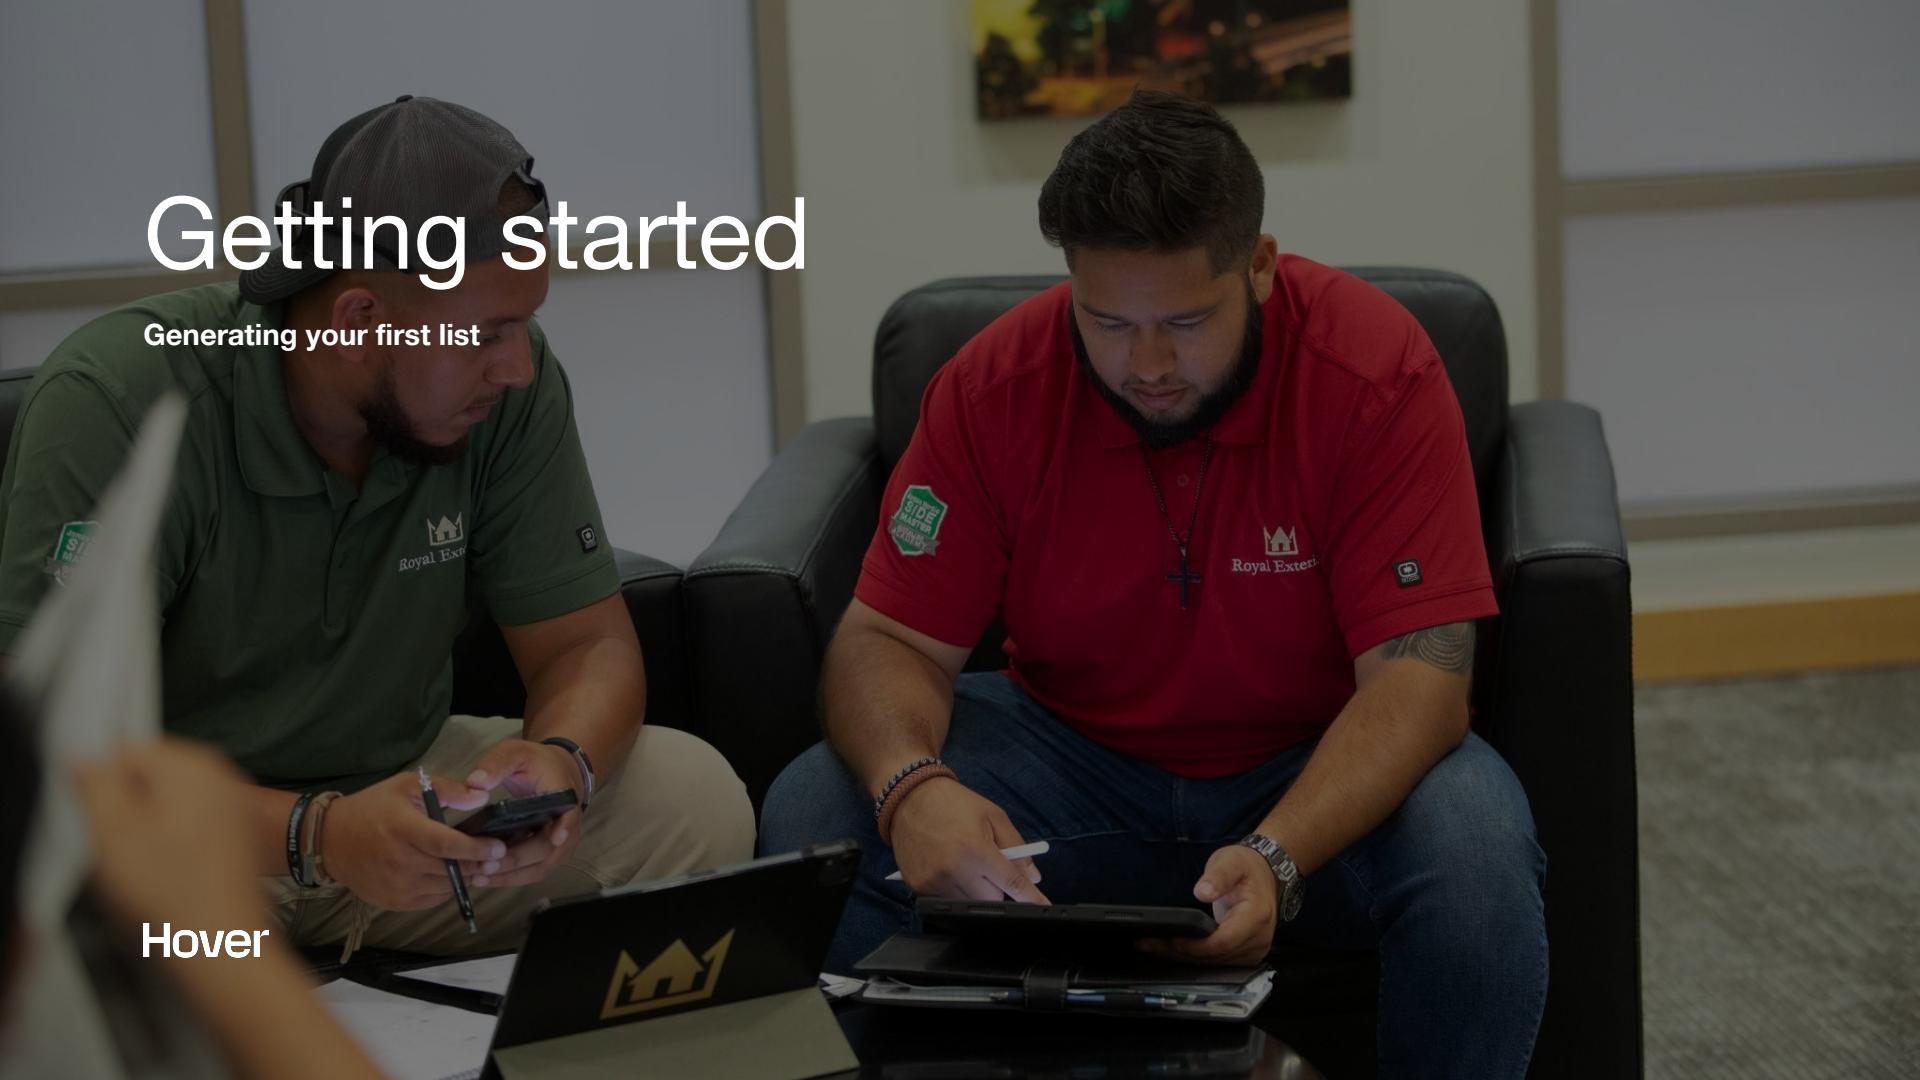

75% customers

Using Material Lists reported a **reduction in material overages or shortages** on their projects

Getting started

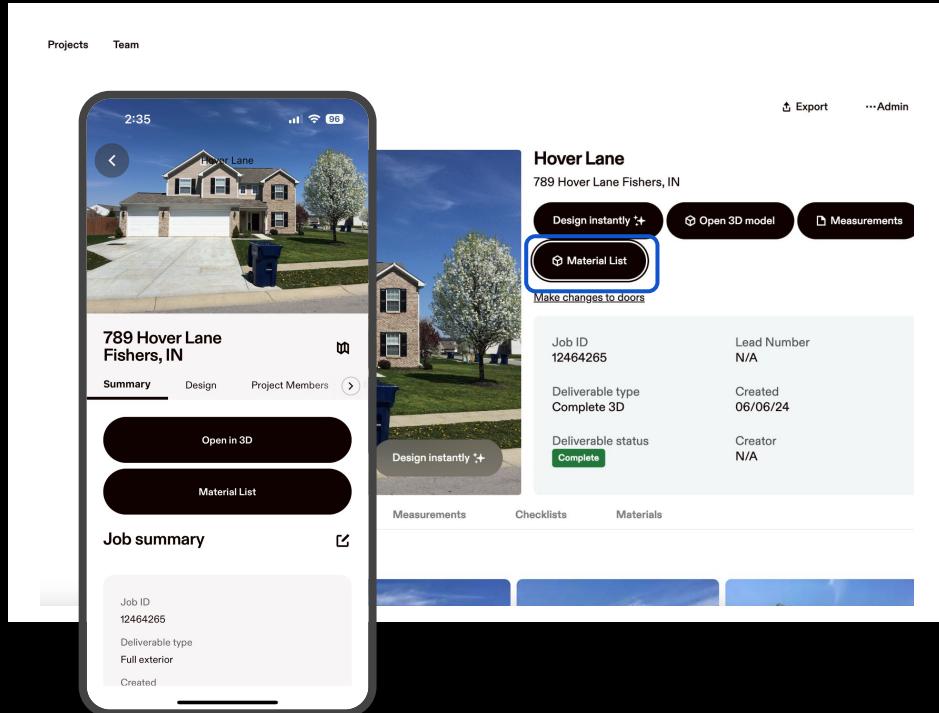

Generating your first list

Hover

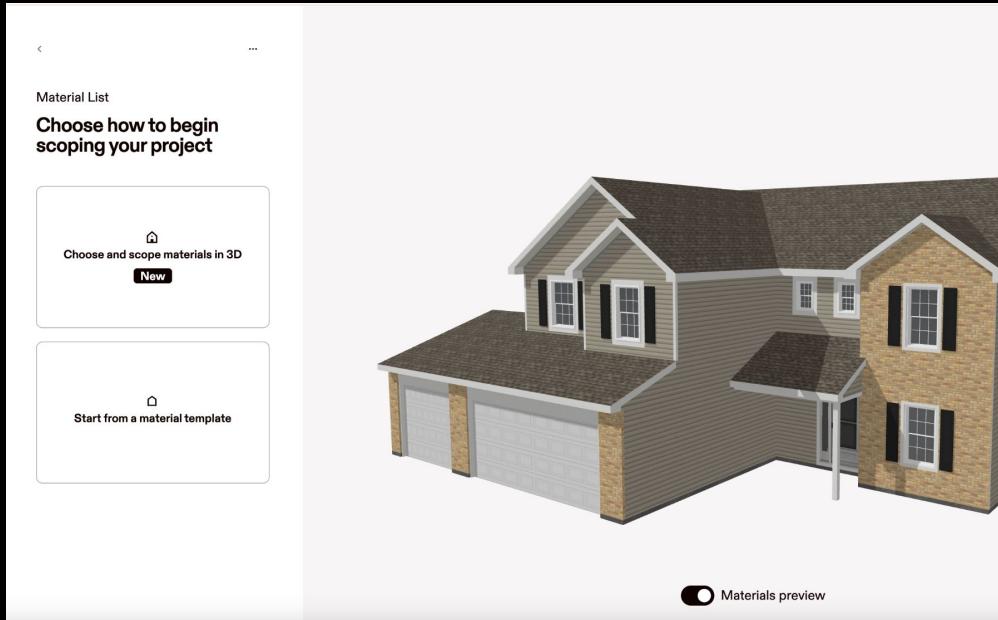

Tap Material List

Once you've received the notification that the measurements are ready, navigate to the project and tap the "Material List" button.

Choose how to scope your project

Either scope materials in 3D, or start from a material template.

Material List

Choose how to begin scoping your project

Choose and scope materials in 3D

Start from a material template

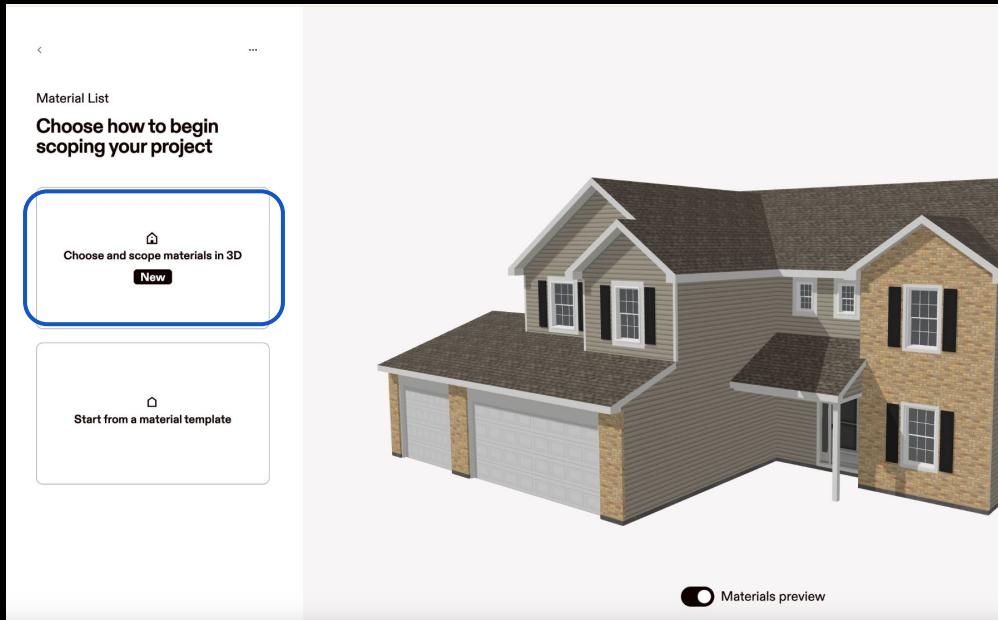

Materials preview

Now Available

Option 1

Scoping materials in 3D

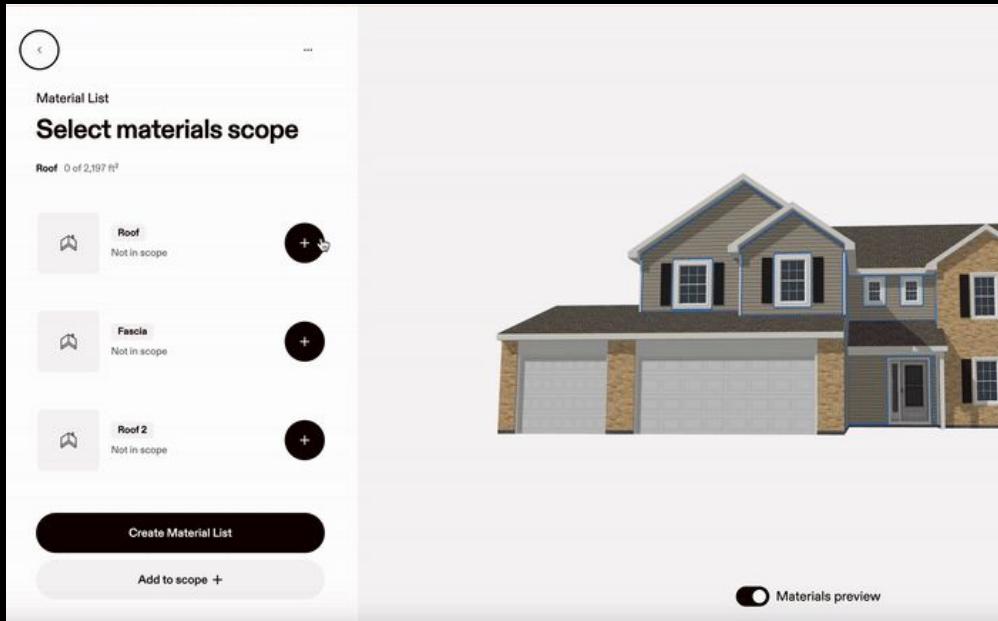

A visual way to assign Material List templates directly from the 3D model

Now Available

From the trade panel:

- Locate the specific trade you want to assign to a template (e.g., roof, siding, etc.)
- Click the + button
- Choose your desired template (e.g., board & batten, shingle, etc.)
- Click Apply

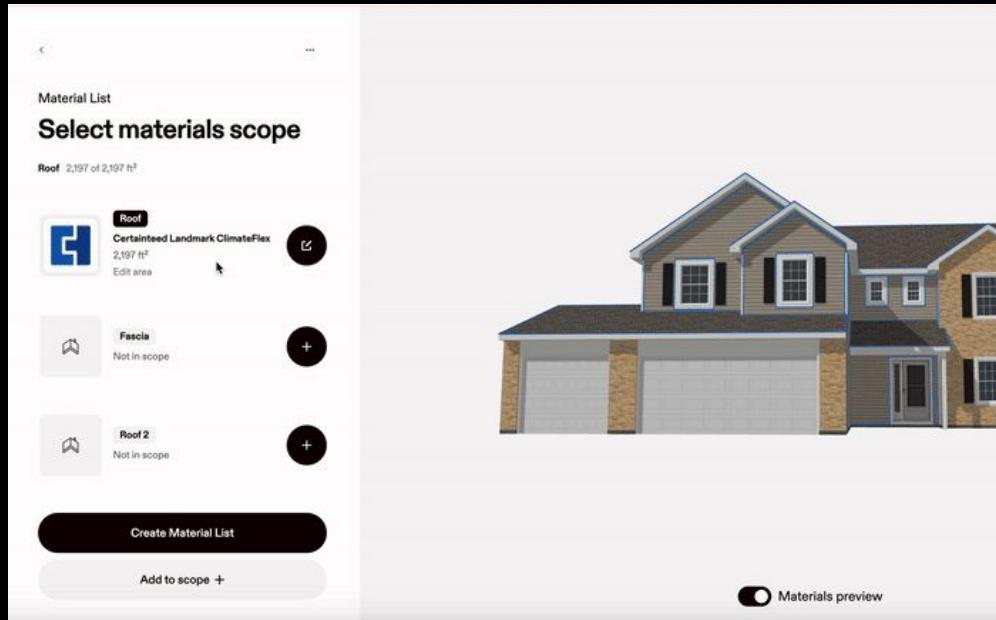

Make optional adjustments for finer detail, next.

Now Available

Optional step:

Adjust individual surfaces:

- Click Edit Area from the template in the trade panel
- To select or deselect a surface, click on it from either the trade panel or 3D model
- Click Apply

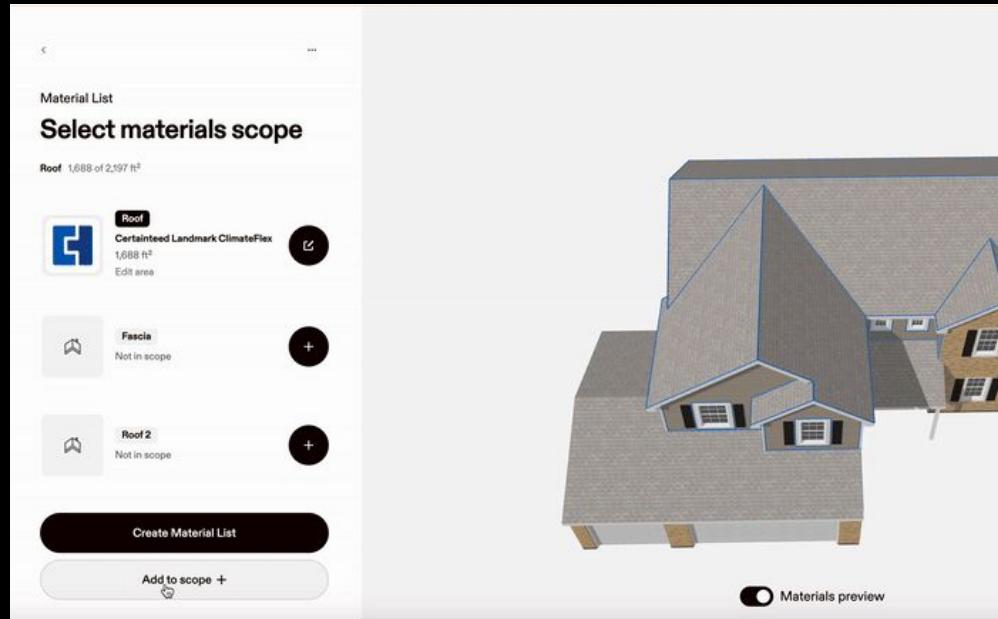

Now Available

Optional step:

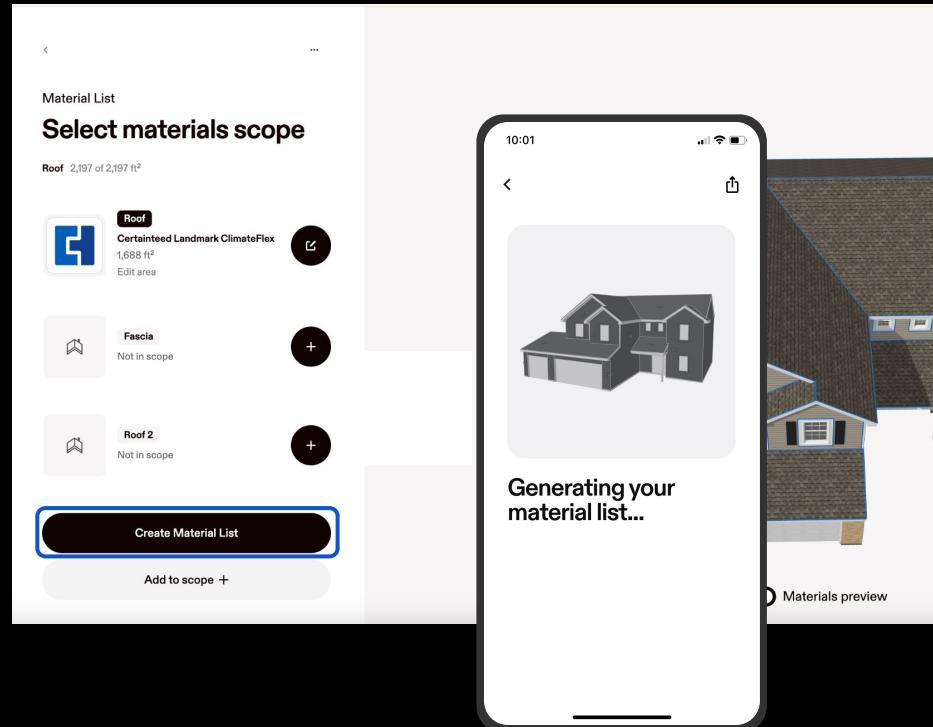

Create new material groups:

- Click **Add to scope +** from the bottom of the trade panel
- Select your desired template
- Click Edit Area
- Select facade(s) to include in the material group - from either the trade panel or 3D model
- Click Apply

Now Available

Tap
Create Material List

Generate detailed list instantly

From here, you are ready to review your items

- Edit project scope
- Change waste factor / coverage
- Swap materials
- Add unit costs
- Add/remove items

Edit scope

Update unique install and waste preferences

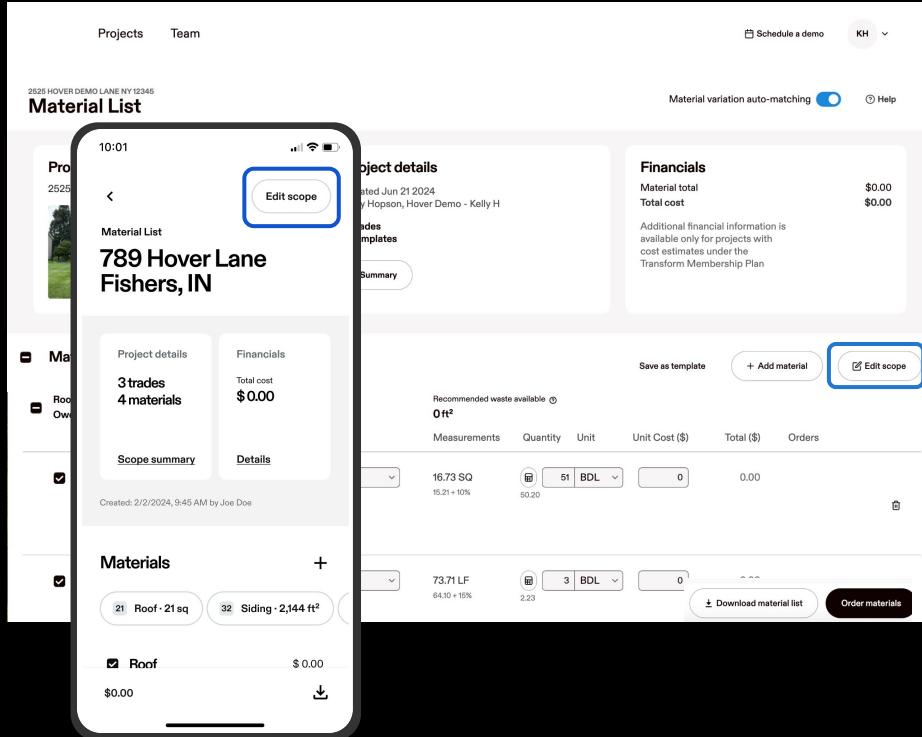

Hover

Tap edit scope

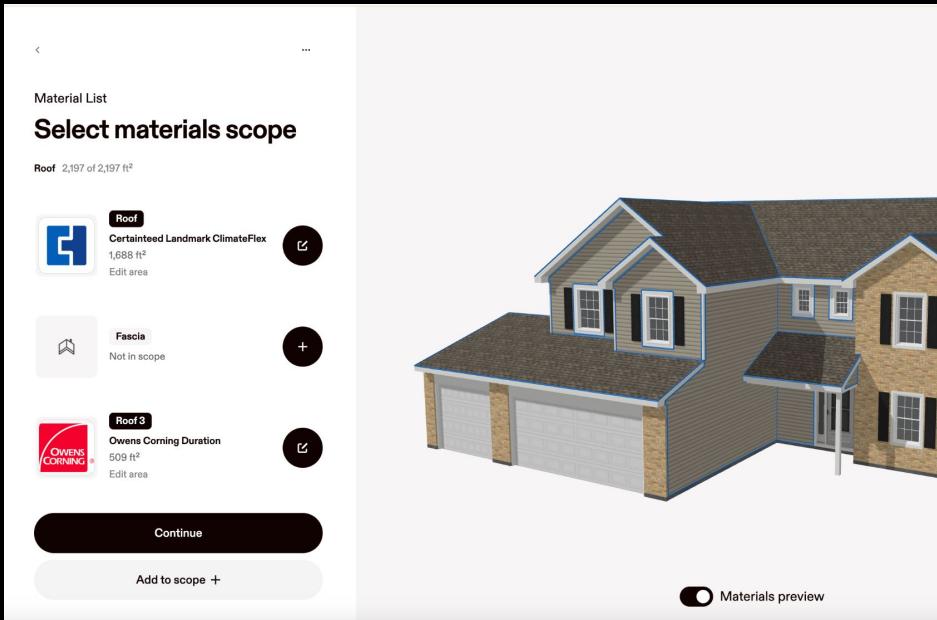

This will generate a new material list. Previously generated lists can be retrieved from the project page > Materials tab.

The image shows a composite view of a mobile application and a web-based project management system. On the left, a mobile phone screen displays the 'Material List' app. The app's interface includes a header with '10:01', a back arrow, and an 'Edit scope' button (which is highlighted with a blue box). Below the header is a project title '789 Hover Lane Fishers, IN'. The app shows '3 trades' and '4 materials' with a total cost of '\$0.00'. At the bottom, there's a 'Materials' section with a '+' button and two items: '21 Roof - 21 sq' and '32 Siding - 2,144 ft²'. On the right, a desktop browser window shows a project dashboard for '2525 HOVER DEMO LANE NY 12345'. The dashboard includes sections for 'Project details' (last updated Jun 21 2024, by Hopson, Hover Demo - Kelly H), 'Financials' (Material total \$0.00, Total cost \$0.00), and a table for 'Scope summary' with columns for Measurements, Quantity, Unit, Unit Cost (\$), Total (\$), and Orders. The 'Edit scope' button in the desktop header is also highlighted with a blue box.

Update material templates

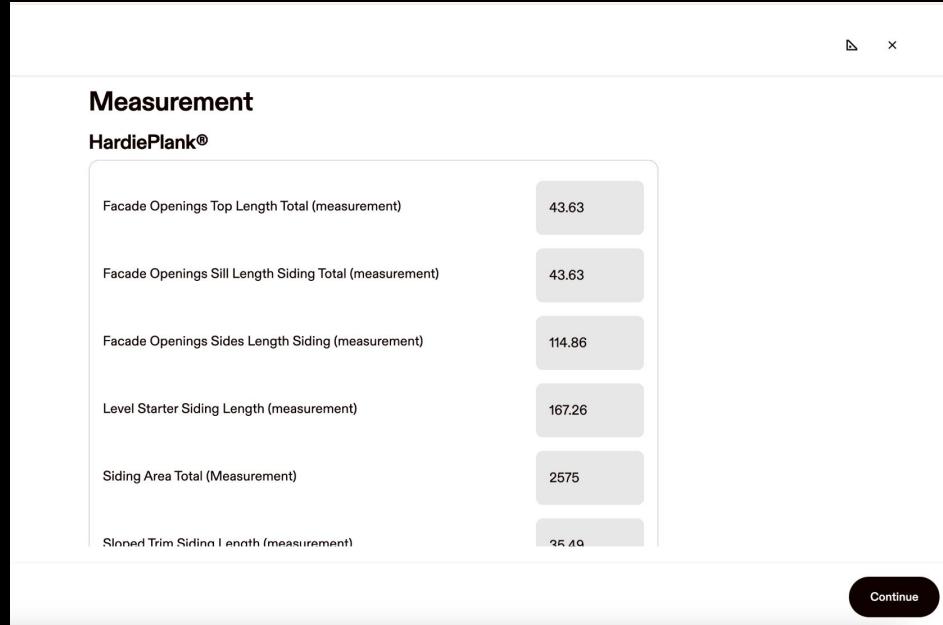

- Click the + to add new templates or the pencil icon to edit existing templates
- Click the Edit Area prompt for templates that need finer detail
- Click Continue

The image shows a screenshot of a software interface for selecting material templates. The title is 'Select materials scope'. It lists three items: 'Roof' (Certainteed Landmark ClimateFlex, 1,688 ft², Edit area), 'Fascia' (Not in scope, +), and 'Roof 3' (Owens Corning Duration, 509 ft², Edit area). Below these are 'Continue' and 'Add to scope +' buttons. To the right is a 3D rendering of a house with blue outlines indicating the material scopes. A toggle switch at the bottom right is labeled 'Materials preview'.

Review facades and line segments

Scroll to review, manually type any adjustments, then click Continue.

The screenshot shows a measurement review interface for HardiePlank siding. The title 'Measurement' is at the top, followed by the brand name 'HardiePlank®'. Below this is a table of measurements:

Measurement Description	Value
Facade Openings Top Length Total (measurement)	43.63
Facade Openings Sill Length Siding Total (measurement)	43.63
Facade Openings Sides Length Siding (measurement)	114.86
Level Starter Siding Length (measurement)	167.26
Siding Area Total (Measurement)	2575
Sloped Trim Siding Length (measurement)	35.49

At the bottom right is a 'Continue' button.

Recommended waste applied ⓘ

Recommended waste

You have the ability to apply Hover's **recommended waste factor** and include that information on the quotes or estimates you prepare.

The callout here will say whether or not the recommended waste has been applied.

Recommended roof waste

Hover calculates waste suggestions based on analysis of specific attributes of a property's geometry (like valleys, hips, etc.) and industry trends. Third party factors like individual installation crews or insurance carrier calculations are not considered.

Original measurements 541 ft²

Measurements with waste 15% 622 ft²

Labor and Other line items

We now include Labor and Other line items
below the material line items!

The screenshot shows a software interface for managing construction projects. At the top, there are buttons for 'Labor' (checked), 'Roof (4)', 'Stone (5)', 'Download', and '+ Add labor'. The main list displays the following items:

Name	Measurements	Quantity	Unit	Unit Cost	Markup (%)	Tax rate (%)	Sales Price	Orders
Tear Off Stone Veneer	305 SQFT	305	SQFT				\$0.00	
Install Outside Corner	3.47 LF	3.47	LF				\$0.00	
Install Weep Screen	105.69 LF	105.69	LF				\$7,413.57	
Owens Corning S	105'	93.58 LF	LF					

Below the list, there is a 'Suggested items' section and a note button. At the bottom, there are buttons for 'DeckDefense', '10 Sq Roll', '3.63 SQ', '1 RL', '0.00', '0', '0.00', and 'Order materials'. A summary table on the right provides a breakdown of costs:

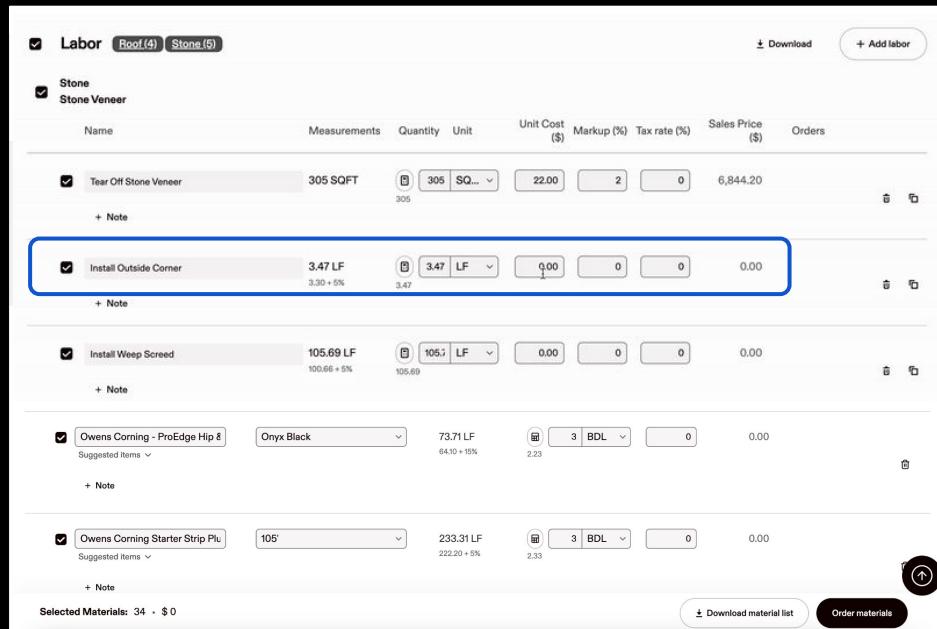

Promotions not applied	\$0.00	
Sales tax	\$0.00	
Total price	\$7,413.57	
Material total	\$0.00	
Labor total	\$6,778.01	
Other total	\$500.00	
Total cost	\$7,278.01	
Markup (1.86%)	\$135.56	

Now Available

Optional step:

Adjust Labor line items

Enter your line item costs, then save it as template to skip the manual entry, next time!

Name	Measurements	Quantity	Unit	Unit Cost (\$)	Markup (%)	Tax rate (%)	Sales Price (\$)	Orders
Tear Off Stone Veneer	305 SQFT	305	SQFT	22.00	2	0	6,844.20	
Install Outside Corner	3.47 LF	3.47	LF	0.00	0	0	0.00	
Install Weep Screed	105.69 LF	105.69	LF	0.00	0	0	0.00	
Owens Corning - ProEdge Hip & Ridge	Onyx Black	73.71	LF	22.33	3	BDL	0	0.00
Owens Corning Starter Strip Plus	105'	233.31	LF	222.20	3	BDL	0	0.00

Selected Materials: 34 - \$ 0

Download material list Order materials

Now Available

Optional step:

Adjust details for Other line items

Use in-line editing to account for things like permits, dumpsters, etc.

When saved as a template, you can skip the manual entry, next time!

Additionally, the material list API provides the ability to access this info through your integration ([view documentation](#))

The image shows a software interface for managing construction projects. At the top, there's a summary of the project: "Property" (789 Hover Lane, Fishers, IN 46037), "Project details" (Created 9/17/2025, 11:12 AM by Kelly Hopson, 4 trades, 6 templates), and "Financials" (Sales estimate \$0.00, Promotions not applied, Sales tax \$0.00, Total price \$0.00). Below this, the "Materials" section lists items for the "Roof" category, specifically "Owens Corning Duration". It shows a table with columns: Name, Color/Variation, Measurements, Quantity, and Unit. One item is selected: "Owens Corning S" (105' Suggested items). The interface also shows "Selected Materials: 45 • \$0". At the bottom, there are buttons for "Download material list" and "Order materials". A modal window titled "Download Material Items" is open, containing fields for "PO Number (optional)" (with a placeholder "PO Number (optional)"), "Order Notes (optional)" (a large text area), and checkboxes for "Show item measurements" (checked), "Show item notes" (checked), "Show item cost details" (unchecked), and "Show total cost" (unchecked). At the bottom of the modal are "Cancel", "Download PDF", and "Download CSV" buttons.
