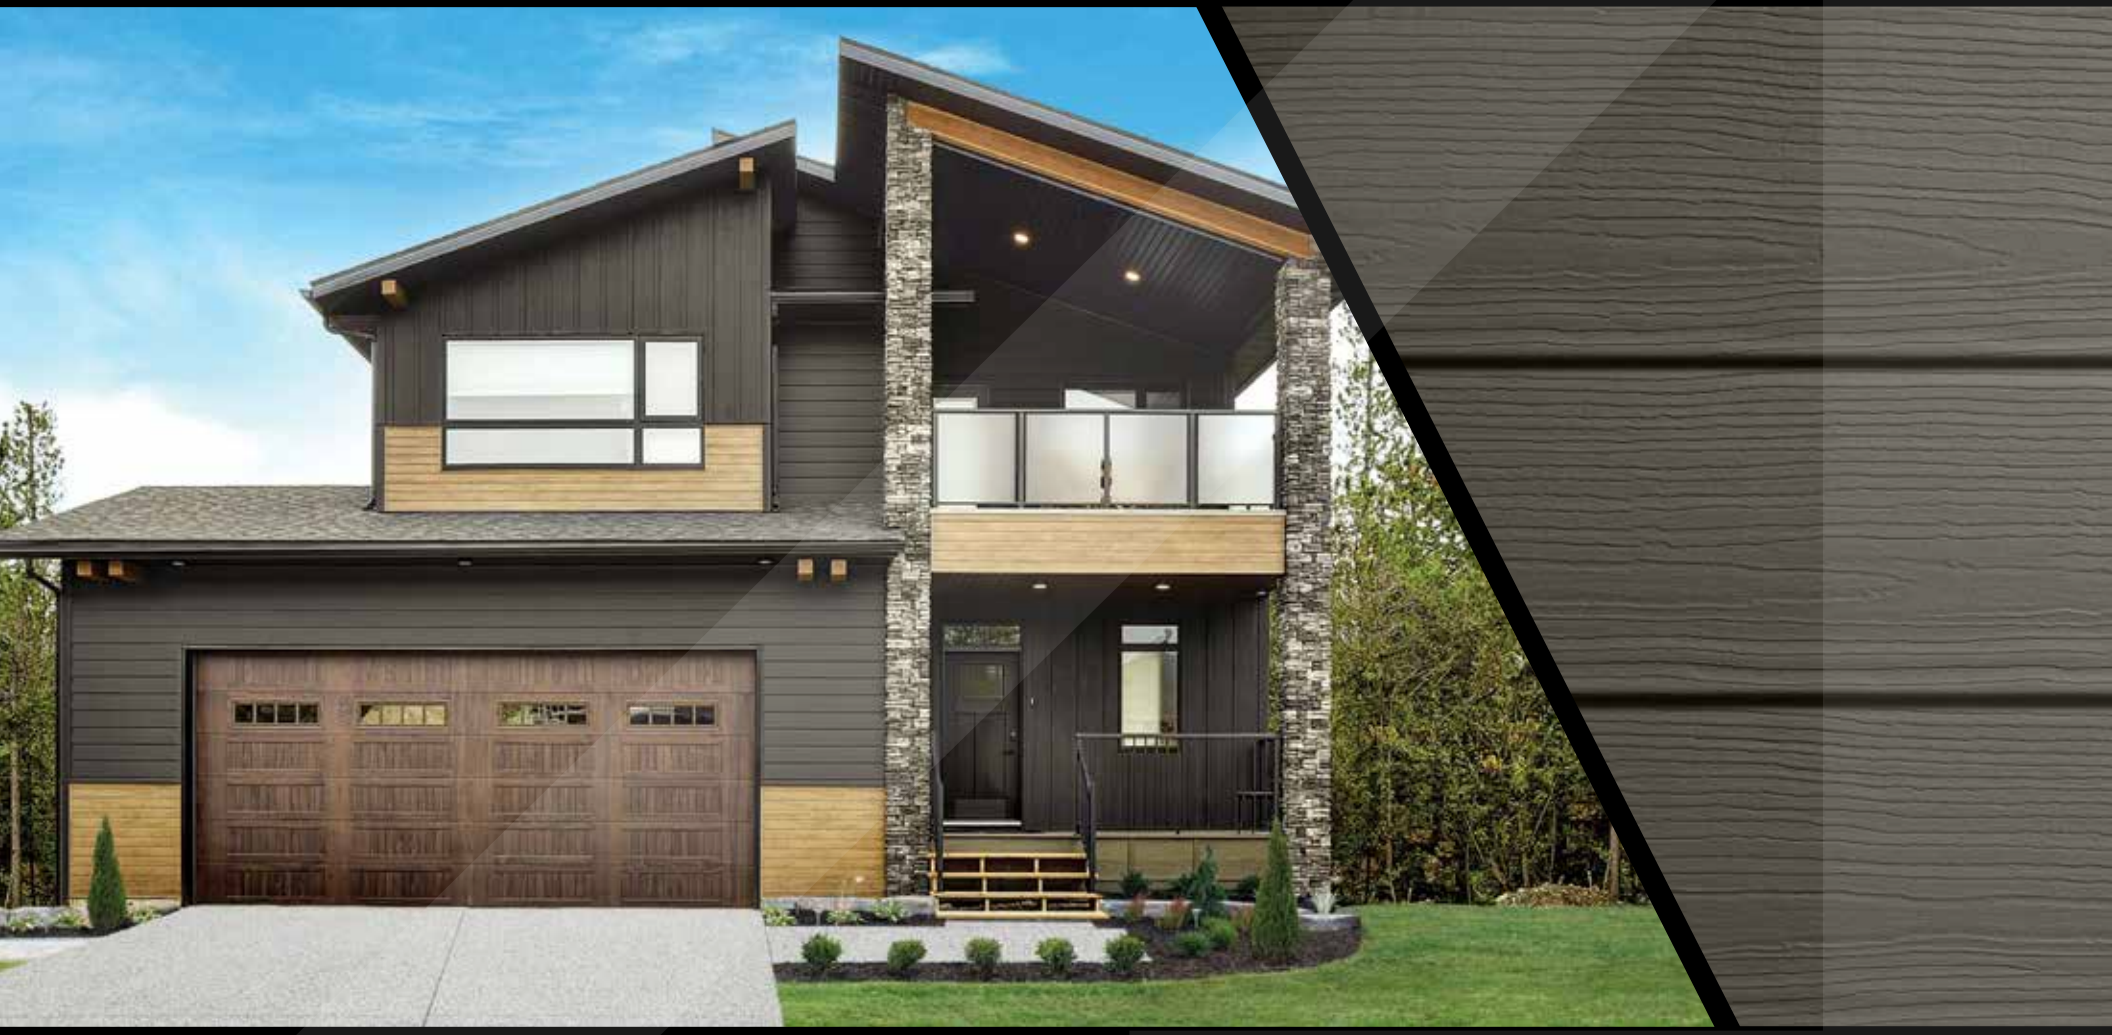
ALIGN®

COMPOSITE CLADDING

STRIKING AESTHETICS WITH INSTALLATION EASE FOR A SUPERIOR OVERALL VALUE



GENTEK®

REALISTIC LOOK OF WOOD WITH HEIGHTENED **STRUCTURAL STRENGTH**

ALIGN 7" Plank in Iron Ore

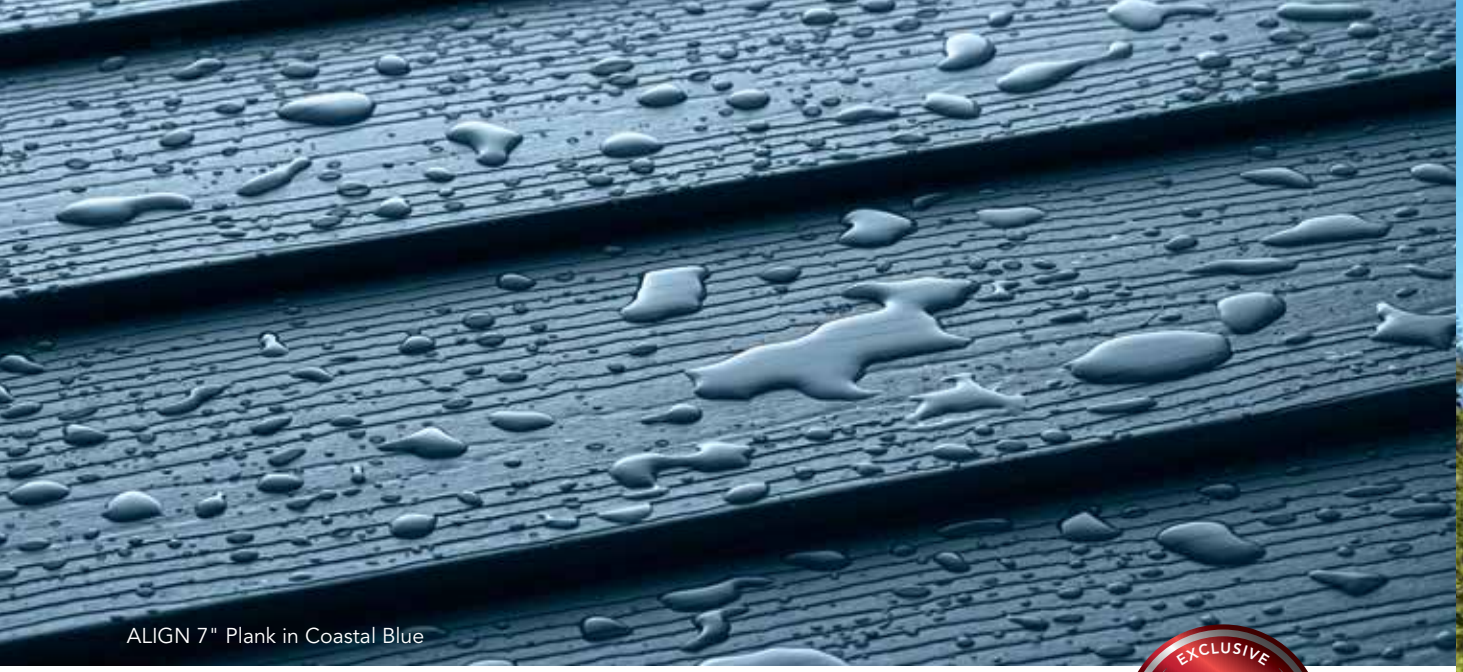
ALIGN COMPOSITE CLADDING: THE NEW STANDARD THAT DEFIES COMPARISON

The architectural beauty of real wood, but with installation efficiencies and better overall value. ALIGN Composite Cladding delivers the high-end aesthetics customers want and the lower total installed cost businesses need.

- Available in classic 5" Plank, tall 7" Plank and extra-wide 12" Board & Batten for more design options
- ALIGN trim accessories further elevate the look
- Strong yet lightweight construction ensures a high-performing home exterior
- Self-aligning stack lock provides a more efficient installation than fibre cement and engineered wood
- Requires fewer labourers – a single installer can get the job done!
- No sealing, touching up or caulking needed

You'll appreciate the time and cost savings of this trade-friendly cladding. When it comes to choosing one of the best products for your next project, you can depend on ALIGN for quality and ease like no other.

ALIGN OFFERS ONE OF THE LOWEST TOTAL COST OF CLADDING WITHOUT SACRIFICING CURB APPEAL – **WHICH MAY RESULT IN HIGHER PROFITABILITY FOR YOUR BUSINESS.**



ALIGN 7" Plank in Coastal Blue

EXCLUSIVE (GP)^2 TECHNOLOGY™ FOR **SUPERIOR PERFORMANCE**

As the world's first composite cladding incorporating **G**lass-reinforced **P**olymer and **G**raphite-infused **P**olystyrene (GP)^2 Technology, ALIGN is in a class of its own. Precision-engineered for superb form and functionality, ALIGN meets or exceeds industry test standards and criteria† for windload, workability, flame spread/smoke development and weatherability.

Take a closer look at the (GP)^2 Technology design ingenuity:

- Glass fibres in the compound increase structural integrity, strength and heat resistance
- Graphite-infused polystyrene increases energy efficiency†† and reduces thermal bridging; helps achieve an overall R-value of up to 2.0 when applied directly over sheathing
- Non-moisture absorbing materials prevent rotting, warping, shrinking and swelling
- Impact modifiers increase resistance to dents, dings and abrasions
- Titanium dioxide helps prevent ultraviolet degradation
- Integral weatherable pigments fortify the colours against fading, including darker hues

Superior Windload Resistance | **Thermal Benefits and Impact Resistance** | **Moisture-Resistant**

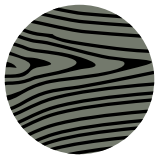
ALIGN 12" Board & Batten in Iron Ore

HIGH-END ARCHITECTURAL APPEAL
EFFICIENT INSTALLATION
VIRTUALLY MAINTENANCE-FREE
COMPATIBLE TRIM, WINDOWS AND ACCESSORIES
LIFETIME LIMITED WARRANTY

ALIGN 7" Plank in Majestic Brick, Chesapeake Gray and Iron Ore

ONE PRODUCT **FOR MANY PROJECTS**

From mid-century modern to craftsman or Colonial, ALIGN will meet your every design need with a generous selection of profiles, colours and textures, while also simplifying the installation process. The self-aligning stack lock and integrated system require no caulking – resulting in a beautifully neat, clean and efficient install that allows you to complete more jobs, even with fewer labourers.



ORGANIC WOOD BEAUTY

Impressive style and realistic texture of freshly painted wood, striking curb appeal, carefree upkeep and a curated palette of 20 fade-resistant colours.

EFFICIENT INSTALLATION

No sealing, touching up, joint flashing or caulking are required – which may result in higher profitability for your business.

A LIFETIME OF PROTECTION

ALIGN Composite Cladding is backed by a lifetime limited warranty,* further assurance of exceptional quality, performance and value.

ALIGN COMPOSITE CLADDING
TAKING THE LEAD IN **FUTURE-FORWARD BUILDING MATERIALS**

From installation ease to superior performance and appearance – ALIGN Composite Cladding will elevate your projects to a higher level of quality.

		FIBRE CEMENT/ ENGINEERED WOOD	VINYL SIDING	ALIGN

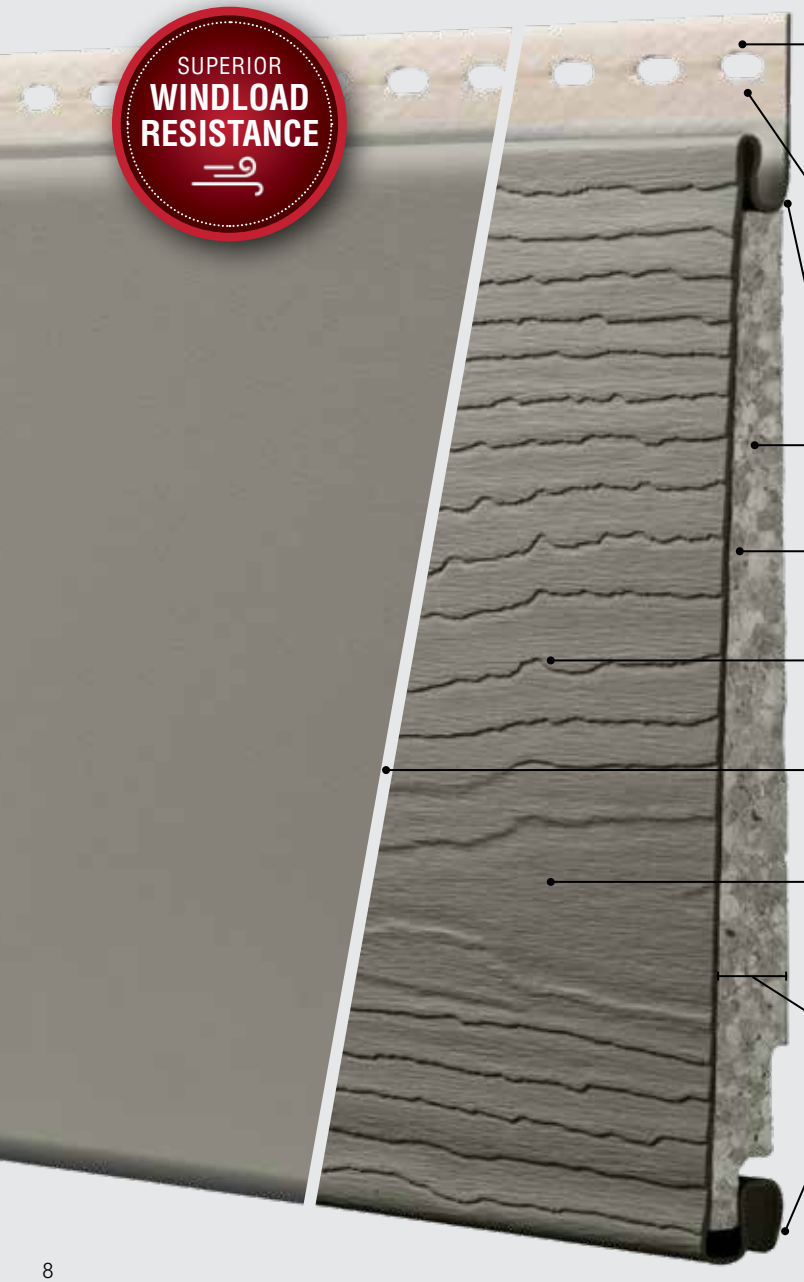
	Compatible with high-end trim options	●		●
	Moisture-resistant (won't swell)		●	●
	Resists high winds with unexposed fasteners		●	●
	Carefree upkeep		●	●
	Lifetime limited warranty*		●	●
USER-FRIENDLY INSTALLATION	Easy to handle		●	●
	Efficient installation (self-aligning, one-person hang)		●	●
	No sealing, touching up, joint flashing or caulking		●	●
	No specialized skills required (less risk of installation errors)		●	●
	Enhanced safety (no respirators or special tools needed)		●	●

MORE PROFILES, **MORE DESIGN OPTIONS**

With two new profiles added to the collection, ALIGN Composite Cladding offers custom-crafted appeal for every home.



REINFORCED NAIL HEM
delivers extra-strong wall attachment and increased windload resistance.

FORGIVING HANG
helps conceal uneven surfaces and minor wall imperfections.

SELF-ALIGNING STACK LOCK
provides consistent and efficient installation.

$(GP)^2$ TECHNOLOGY
ensures lower expansion and greater structural integrity.

INTEGRATED INSULATION
provides an added layer of weather protection.

5" OR 7" FLAT FACE PROFILE
recreates the organic beauty of natural wood.

CHOICE OF TWO TEXTURES
in cedar mill grain and matte.

ON-TREND COLOUR PALETTE
features 20 fade-resistant, low-gloss colours for extensive design options.

COMPATIBLE 3/4" PANEL PROJECTION
works beautifully with both standard and architectural trim accents.

DEFINED BUTT EDGE
replicates the look of wood, with added dimension and a crisp shadow line.

ALIGN 5" Plank in Rockwell Blue

5" AND 7" PLANKS

ALIGN 5" and 7" plank profiles are the epitome of timeless style. The natural-looking shadow lines recreate the authentic look of freshly painted wood plank siding, but with a subtle touch of contemporary charm.

5" Plank – Cedar Mill Grain Texture

7" Plank – Cedar Mill Grain Texture

7" Plank – Matte Texture

ALIGN 7" Plank and 12" Board & Batten in Marine Dusk

12" BOARD & BATTEN

ALIGN 12" Board & Batten expertly combines installation ease with the aesthetic appeal of a classic handcrafted profile. Featuring a 10" board and 2" batten, this innovative vertical cladding adds depth and visual interest whether used as an architectural accent or whole-house exterior.

- Integral batten strip saves time vs. fibre cement battens that must be individually fastened, filled in and touched up
- Versatile 3/4" projection is compatible with both standard and architectural accents
- Cedar mill grain texture and matte finish complement a variety of exterior designs

Cedar Mill Grain Texture

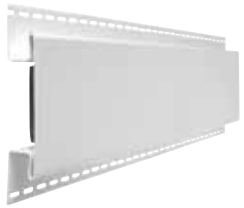
Matte Texture

ACCESSORIES

Create a flawless finish with ALIGN corner posts, H-trim, lineals and other accessories, built with the same premium construction as ALIGN panels.

- Engineered for efficient installation
- Durable and weather-resistant for long-lasting beauty
- Matte texture complements ALIGN panels

5-1/2" and 3-1/2" Composite Outside Corner Posts



5-1/2" Composite H-Trim

5-1/2" and 3-1/2" Composite Lineal Trims

Composite J-Channel

GENTEK VISUALIZER

Take your projects to the next level with the Gentek Visualizer. This easy-to-use program lets you create "before and after" shots featuring a variety of colour schemes.
